

Virtual Placement Drive

OBJECTIVE:

- To Provide job opportunities and related guidance to the students

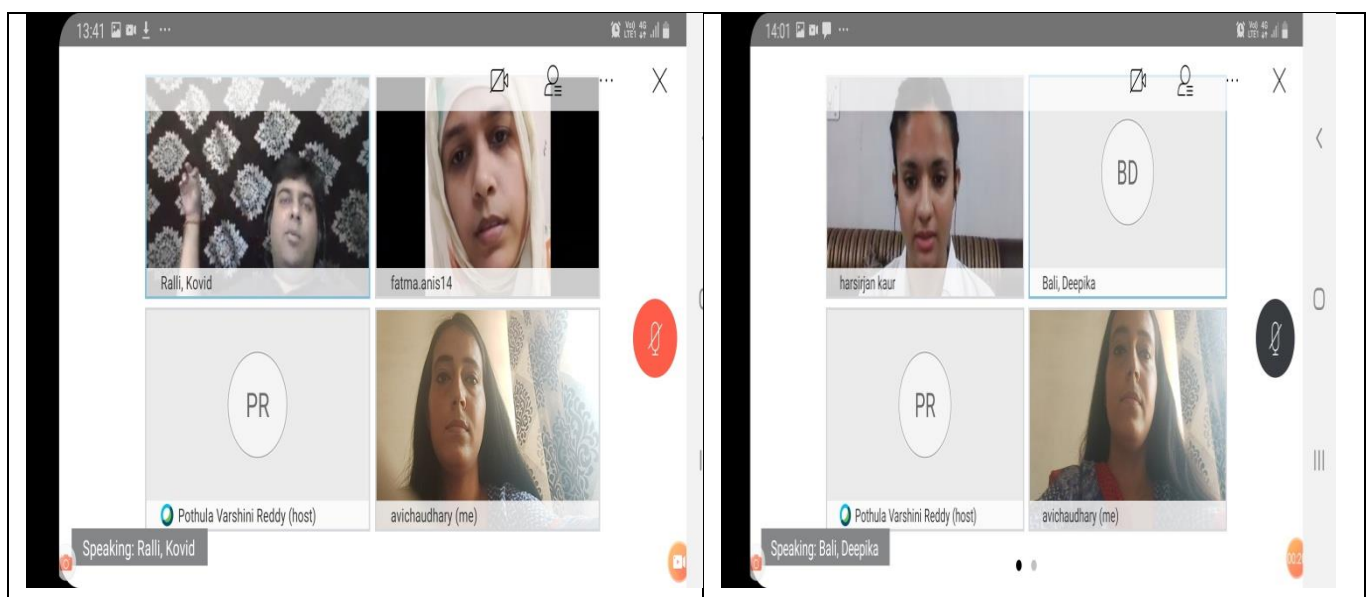

Description

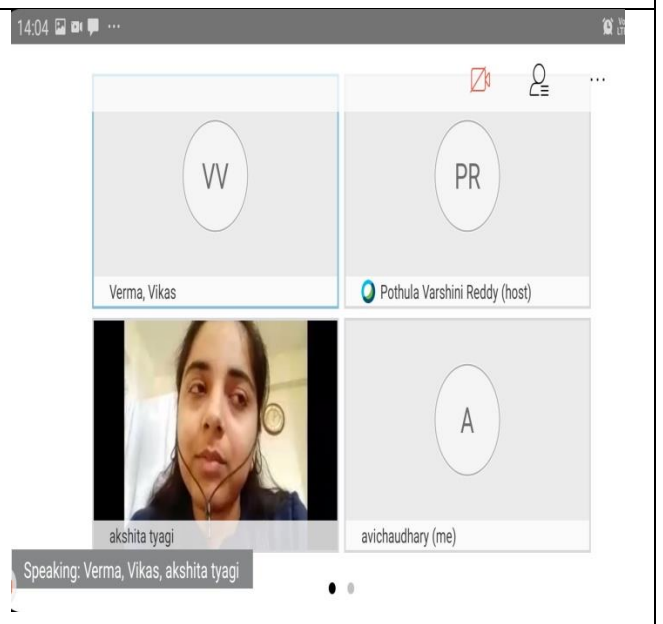

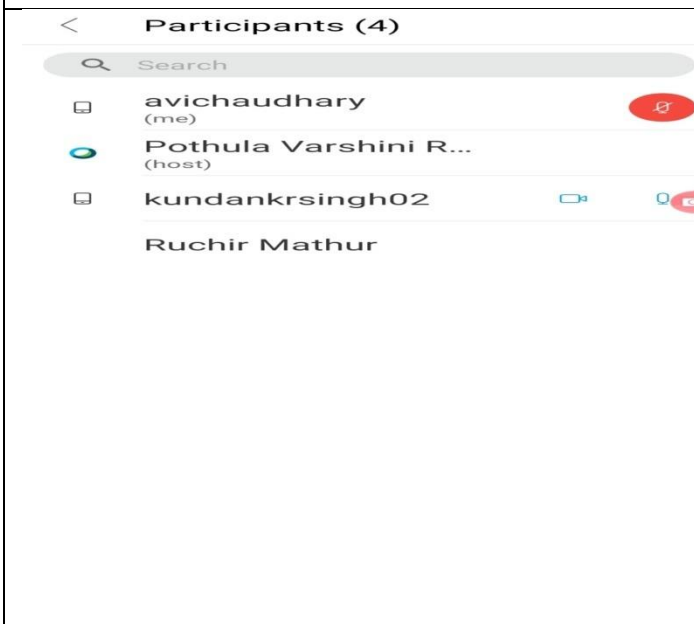

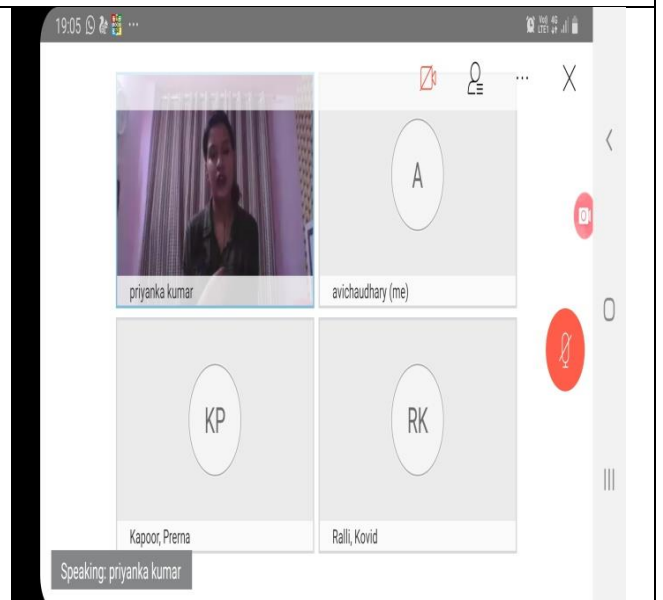

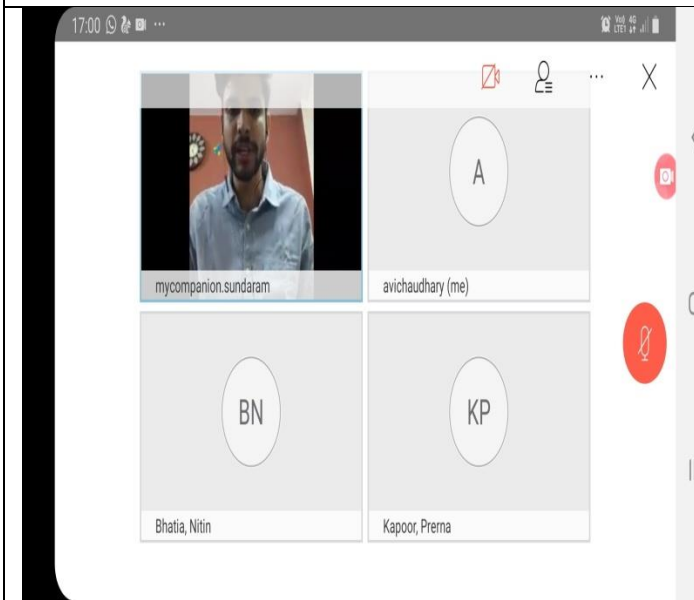

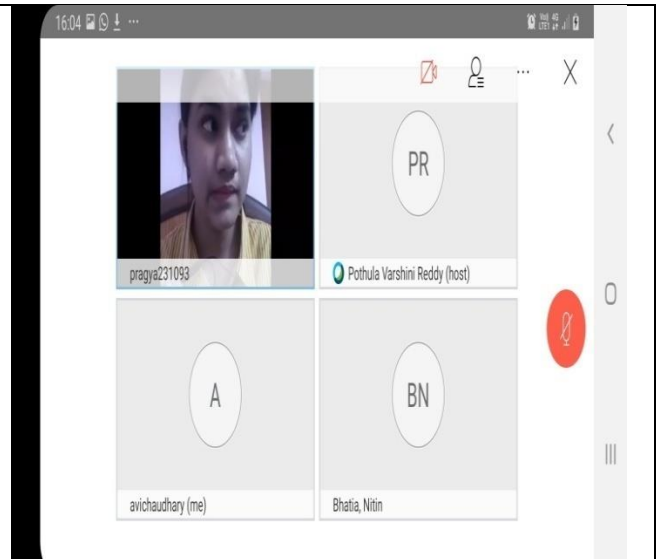

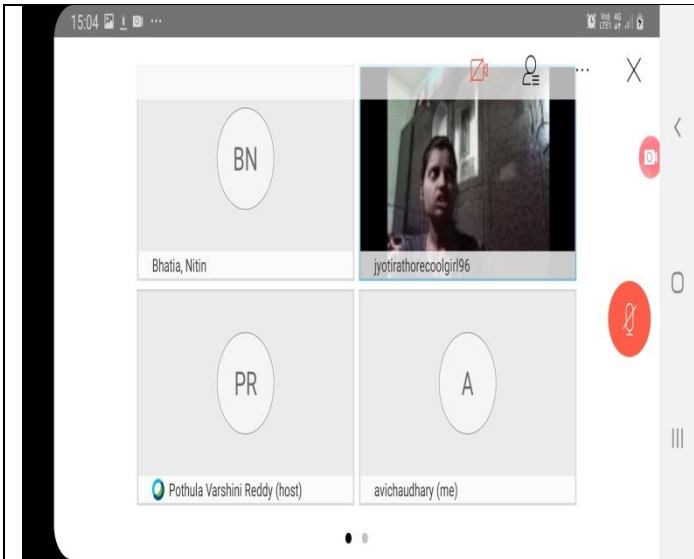

BCIP organized a virtual placement drive for passed out students of Batch 2015 on 30th April, 2020 in association with OPTUM - a UnitedHealth Group company.

Interview started with one-on-one interaction with candidates. Panel of four members interviewed in the search of suitable candidate for the post of clinical investigator. The programme was coordinated by Dr. Avi Choudhary under the kind guidance of Dr. Nidhi Kalra and Dr. Davinder Gaur.

Overall 17 students participated in this virtual placement drive, out of which 5 students were selected by the panel for the post of clinical investigator.

Students expressed their gratitude towards college for providing such an opportunity to build their career and always being available to help out, for being patient and supportive, for providing guidance and insight throughout graduation.
