They were able to apply their theoretical knowledge in a hands-on practical way and learnt how to swiftly respond to injuries.

Students and Official Staff were showed their gratitude to Dr C. S Ram & Dr Mohd Asif (PT) for giving them the opportunity to explore this venture. BCIP students had an amazing experience at this event as they got the chance to apply their knowledge and skills, and also had a good time during assessments and treatment. They did taping, bracing and used various electrotherapy modalities to help out the people who got injured. Overall, it was an overwhelming opportunity for us and our students.
